COURSE HIGHLIGHTS

The goal of the Symposium is to provide an overview of special interest topics in cardiac surgery to improve care of cardiac surgical patients by learning indications, operative procedures, outcomes, complications, perioperative care and long term benefits.

TARGET AUDIENCE

This activity is designed to benefit Internists, Primary Care Physicians, Cardiologists, Anesthesiologists, CT Surgeons, and Allied Health Providers, including Physician Assistants and Nurses, involved in all aspects of cardiac care.

COURSE LEARNING OBJECTIVES

Participants who complete this program will be able to assess patients with a wide range of heart disease and the need for any surgical intervention; do appropriate preoperative testing and screening; manage patients during the surgical period and handle potential operative complications following surgery, as well as long term follow-up and management of these patients.

ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Ohio State Medical Association through the joint sponsorship of LAMED and Ohio Cardiothoracic and Vascular Surgeons, Inc. LAMED is accredited by OSMA to provide continuing medical education for physicians. LAMED designates this educational activity for a maximum of 8.5 hours in category 1 credit towards the AMA Physician's Recognition Award. Each physician should claim only those hours of credit that he/she actually spent in the educational activity.

Contact hours have been applied for the following disciplines: Nursing, Pharmacist, Dieticians and Respiratory.

EDUCATIONAL GRANTS

This course is supported in part by educational grants from various vendors. A complete list of commercial supporters will be disclosed the day of the event.

This does not imply endorsement of any commercial products.

Exhibits will be available for viewing at all scheduled breaks.

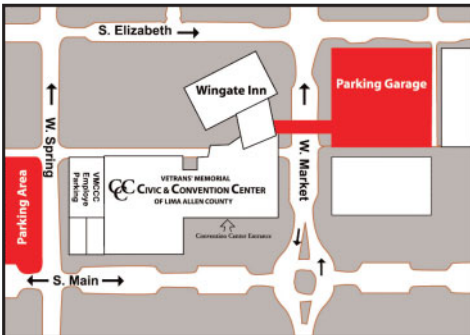

FACULTY DISCLOSURE

All faculty participating in this Symposium are expected to disclose financial interest/arrangements or affiliations with organizations that could be perceived as a real or apparent conflict of interest in the context of the subject of this presentation. In addition, they will disclose off-label uses of any products mentioned.

MEETING LOCATION

Veterans' Memorial Civic & Convention Center
7 East Town Square • Lima, Ohio 45801

PARKING

Parking is available in the Lima Parking Garage, 150 West Market Street, across from the Civic Center. Parking passes will be available at the Symposium.

COURSE REGISTRATION

Pre-registration is required as seating is limited to the first 250 participants.

To register, please complete the attached registration form and return with payment. If you are using a credit card, you may fax your registration form to **419-227-7991**. Online registration is also available at www.octvs.com/symposium. Early registration is strongly recommended. Fee includes attendance at the entire program, course syllabus, materials and breaks/lunch.

LODGING ACCOMMODATIONS

A limited number of rooms have been reserved at The Wingate Inn, 175 West Market Street, Lima, Ohio 45801. Out of town guests needing hotel accommodations should call the hotel directly at 419-228-7000. Please mention **GROUP CTVS** when making your reservations.

AGENDA

**Friday April 20, 2007
Morning**

Registration/Continental Breakfast (7:00 am – 8:00 am)

♥ **Welcome/Introduction**

Dr. Farzin Fotouhi
Program Director

♥ **Mitral Regurgitation Indications for Surgery**

Dr. David Bach

Address the preoperative assessment of patients with mitral valvular disease and indications for surgery.

♥ **Aortic Valve Choice of Prosthesis**

Dr. Michael Moront

Distinguish among the different types of aortic valve prosthesis for specific patient types.

♥ **Role of TEE in Cardiac Surgery**

Dr. Prabhakar Parsa

Delineate the indications for intraoperative TEE in cardiac surgery.

♥ Introduction of the CV Surgery Physician Assistants

Mark Buettner, PA-C, Chief

Break

♥ **Update on Advanced Therapies for End Stage Heart Disease**

Dr. Louis Samuels

Define end stage heart disease. Identify appropriate therapies for this group of patients.

♥ **Management of Deep Sternal Wound Infection**

Dr. R. Michael Johnson

Provide state of the art guidelines for preventing and managing deep sternal wounds associated with CV Surgery.

Lunch – Visit Exhibits

AGENDA

**Friday April 20, 2007
Afternoon**

♥ **Rehabilitation following Open Heart Surgery**

Dr. Susan Hubbell

Map out an appropriate rehabilitation plan for the cardiac post surgical patient.

♥ **Surgical Treatment of Atrial Fibrillation**

Dr. David Jayakar

Define the role of surgery as a potential cure for atrial fibrillation.

♥ **TMR**

Dr. Ravi Nair

Relate the role of TMR in the therapeutic armamentarium available for ischemic cardiomyopathy.

♥ Introduction of Cardiothoracic & Vascular Surgeons Perfusion Staff

Deric McKamey, CCP, Chief

Break

♥ **Indications for ICD and Biventricular Pacing**

Dr. Charles Love

Define the roles of ICD and Biventricular pacing in the cardiac surgical patient population.

♥ **Management of Chronic Renal Failure and Acute Renal Insufficiency**

Dr. David Imler

Outline a management plan for prevention of acute renal insufficiency post cardiac surgery. Specify therapeutic options for the CV patient with chronic renal failure.

♥ **Blood Conservation Techniques**

Dr. Victor Ferraris

Describe measures that will ameliorate blood loss in cardiac surgery.

♥ **Closing Remarks**

Dr. Farzin Fotouhi

Optional Wine and Cheese Reception 5pm - 7pm

AGENDA

Saturday April 21, 2007

- ♥ Registration/Continental Breakfast (7:00 am - 8:00 am)

- ♥ **Is Cardiac Surgery on the Verge of Extinction?**
Dr. Siavosh Bozorgi
A surgeon's personal experience and reflections on trends in cardiac surgery vs. other interventions.

- ♥ **Off Pump – On Pump Debate**
Dr. Ronald Pohl and Dr. David Jayakar
Define pros and cons of minimally invasive surgery.

- ♥ **Preoperative Pulmonary Assessment for CT Surgery**
Dr. Marc Rovner
Propose an appropriate level of pulmonary assessment for the preoperative CV patient.

- ♥ **Advances in Critical Care Nursing**
Kathleen M. Hill , RN, MSN, CCNS-CSC
Combine nursing technical expertise with a personal care approach for the cardiac surgery patient.

- ♥ **Introduction to the Future**
Dr. Farzin Fotouhi
Envision futuristic cardiac surgical techniques and procedures.

- ♥ **Malpractice Update**
Susan Blasik-Miller, Esq.
Donald Green
Identify salient medico legal issues vis-à-vis the cardiac surgery patient.

- ♥ Closing Remarks
